

Pathway to LIFE

Jesus came that we may have life & have it in the full. In Jesus the path of life is made known & in His presence can be found fullness of joy. However, in many of our lives we miss out on the fullness that Jesus offers us & silently wonder why this is the case.

Pathway to LIFE is about helping Christians to head in the right direction as followers of Jesus. It is designed to practically equip us for the journey wherever we are in our relationship with Jesus (maybe you're still asking questions?). What we recognise is that we never stop learning as we seek to follow Jesus as His disciple.

Pathway to LIFE is about making disciples who make disciples that live & love like Jesus for the glory of God & the extension of His Kingdom.
